Sustainability Policy

1. Purpose

Our business is committed to supporting a sustainable future by minimizing the environmental, social, and economic impacts of its operations. This policy aims to protect natural resources, support local communities, and ensure long-term business success.

2. Environmental Management

- We use innovative and efficient technologies to reduce energy and water consumption.
- Recycling, reuse, and waste reduction are prioritized in our waste management processes.
- We regularly monitor and measure our environmental impact and implement continuous improvement efforts to reduce it.

3. Carbon Footprint

- We adopt energy-saving practices to minimize carbon emissions.
- By increasing the use of renewable energy sources, we reduce our reliance on fossil fuels.
- We participate in carbon offsetting programs for travel and transportation activities.

4. Sustainable Supply Chain

- We select suppliers who adopt environmentally responsible, ethical, and sustainable practices.
- We prioritize local, organic, and fair-trade certified products.
- We minimize plastic usage and use eco-friendly alternatives to single-use plastics.

5. Water Management

- We develop efficient water usage practices to reduce consumption and protect water resources.
- We apply technologies for the recovery and reuse of wastewater.
- We raise awareness among our staff and guests about water conservation.

6. Biodiversity and Natural Resources

- We work to protect biodiversity and support natural ecosystems in the areas where we operate.
- We contribute to local and international environmental protection initiatives for the sustainable use of natural resources.
- In gardening and landscaping, we prioritize the use of local plant species.

7. Social Responsibility and Local Communities

- We support the local economy by purchasing products and services from local businesses and farmers.
- We aim to enhance the well-being of local communities through participation in educational, health, and social projects.
- We support initiatives focused on the preservation of cultural heritage.

8. Education and Awareness

- We organize training programs for our employees and guests to foster sustainability awareness.
- We inform guests about environmentally friendly practices and encourage their participation.
- We aim to play a leading role in sustainability within our industry.

9. Reporting and Transparency

- We regularly monitor and report our sustainability performance.
- Committed to transparency, we keep our stakeholders informed about our sustainability goals and achievements.
- We continuously improve our policies and practices based on feedback.

10. Continuous Improvement

- We regularly review and enhance our sustainability goals and strategies.
- We follow industry best practices and integrate them into our processes.
- Through investment in innovation and new technologies, we strive to lead in sustainability.
